

## CHURCH CLASS MET

WAGE EARNERS OBSERVE SECOND ANNIVERSARY.

## SOME SPEAKERS ABSENT

Illness and Business Caused Several Banquet Talks to Be "Cut"—Will Elect Officers Next Week.

The Wage Earners class of the Buchanan Street Methodist church observed its second anniversary with banquet and speaking at the church last night. Seventy-eight attended. While several of those listed to speak at the banquet were not able to be present, others spoke in their stead. The banquet began at 8 o'clock. It was followed by the speaking.

Dan R. Baker, teacher of the local Wage Earners class, was toastmaster. He made the opening address, taking as his topic "Fraternity."

He was followed by the Rev. C. B. Duncan of St. Joseph, presiding elder of this district of the South Methodist church. Mr. Duncan took the topic "Dangers and Opportunities," set for the Rev. J. D. Randolph of Fayette, who could not come.

## St. Joseph Class Active.

Roy Bealls, president of the Olive Street chapter of the Wage Earners of St. Joseph, addressed the church workers on the progress of the St. Joseph class and of its plans for the future. He told of the club's success in obtaining a fund to install a gymnasium in the club rooms of the class. The improvement will cost about \$5,000, he said.

Nelson R. Crow, secretary of the Olive Street chapter at St. Joseph, next spoke on the social side of the class there and of its influence over the young men of that church. He told also of athletic actions of the class, of its success in carrying off the city pennant in the recent indoor base ball tourney and of the class' hopes of getting the basket ball pennant this winter. The class has played six games so far and has won five of them.

## President Gets Gift.

Responsive addresses were made by Charles Seiler, Floyd Brown, A. T. Stinson and Henry Thorp of the local chapter.

At the close of the speaking Toastmaster Baker, in a short speech, presented Floyd Brown, president of the local class, with a class scarf pin as a present from the local chapter. Mr. Brown will leave soon for Trenton to make his home on a farm.

Several vocal selections were given last night by Mrs. Carter of Burlington Junction.

The election of officers of the local chapter will be held next Friday night.

## SOCIAL CENTER CLUB MEETS

High School Organizations Give Plays, Songs and Recitals—Senate to Debate.

The various social center clubs of the high school met last night at the Washington school building. At first the different societies went to their own meetings, then all met together. The dramatic club was entertained by a short comical play, "The Riggins Family," in which just several girls took part. It was very amusing and produced a great deal of laughter.

In the senate the boys selected the party and state which they wished to represent. Several bills were introduced and at the next meeting they will be ready to argue on them.

The Campfire Girls met and made further progress in their work.

After the meetings all met in the auditorium, where the play by the dramatic club was again given. Lavisa Coleman and Ruby Irwin then gave some song selections.

## Visiting in Maryville.

Mrs. W. D. Mallon of St. Joseph, and her sister, Mrs. Walter Gillam of Salt Lake City, arrived in Maryville at noon to visit their cousin, Miss Irene Swinford of South Main street. They will also visit at the home of Mr. and Mrs. E. P. Powell, south of Maryville.

You are invited

## COMPLETES THREE YEARS' WORK.

The Rev. Harkness Concludes Third Year of Pastorate Tomorrow.

A special significance attends the services of the First Presbyterian church Sunday, as the day completes a three years' pastorate for the Rev. S. D. Harkness. During that time 102 members have united with the church.

At the morning service the Rev. Mr. Harkness will give the final of a series of sermons on "The Approaches of God." The sermon is the eighth one, and the subject will be "God's Ultimate Approach Through the Lord of All." Prof. H. B. Schuler will have charge of the musical part of the service.

## LUMBERMEN ELECT C. C. TRAPP.

Graham Lumber Dealer is Director in Southwestern Association—Makes an Address.

C. C. Trapp, lumber dealer of Graham, was elected a member of the board of directors of the Southwestern Lumbermen's association at Kansas City yesterday, before the association ended its annual convention. The association extends over most of the middle western states.

Mr. Trapp is quite prominent in lumber circles, being in demand wherever lumbermen gather for an address. His theme is "Credits and Sales." This he delivered before the southwest lumbermen this week.

## EMPLOYS ST. JOSEPH PASTOR.

The Rev. Cunningham Takes Charge of Elmo Christian Church.

The Christian church of Elmo has selected the Rev. E. L. Cunningham of St. Joseph as pastor. The Rev. Mr. Cunningham held his first service at the church Sunday. Meetings will be held the second and fourth Sundays of each month.

## Pays \$9,000 for 74 Acres.

F. E. Reed of near Hopkins, has bought the 74-acre farm three miles south of Burlington Junction of Ray Boyer, the consideration being \$9,000. Mr. Reed's son, T. F. Reed, who lives six miles east of Hopkins, has rented the farm and will probably move here in a few weeks. Loren Reed, another son, who has been living on this farm, has leased the John Hum place, west of Burlington Junction, and will move there about the first of March.

## File Attachment Suit.

An attachment suit has been filed in circuit court here by Cynthia A. Lamar against David M. Landis, who lives northwest of Sheridan in this county. The petition alleges a breach of contract.

Property of Landis to be attached is valued at \$869.50 or more, for which sum the suit is brought. The attachment was made yesterday by Deputy Sheriff John Porter.

## Visiting at Atchison.

Mrs. J. B. Jones and daughter, Juno, left this morning for Atchison, Kan., to spend the day visiting.

## Spend Day in St. Joseph.

Mr. and Mrs. Dale Bellows went to St. Joseph this morning to spend the day visiting.

## Visiting at Des Moines.

## END REVIVAL SOON

BAPTIST CAMPAIGN WILL CLOSE MONDAY NIGHT, ANNOUNCED.

## HAVE CONVERTED 182

Sixteen Added Last Night Following a "Hereafter" Sermon by Evangelist Burch—Baptize Many Tonight.

The First Baptist church expects to close its revival services Monday night, after a four weeks' evangelistic campaign, during which time 182 conversions already have been announced. Sixteen of these conversions were added last night. Each night the past two weeks the services have been largely attended, even standing room being at a premium on some occasions. Baptismal services will be held tonight preceding the regular service.

A feature of the musical service last night was the singing of "Think of What Said," by the Rev. A. E. Burch and family.

Evangelist Burch's topic and text were: "If the righteous scarcely be saved, where shall the ungodly and the sinner be?"

## Where Will Sinner Go?

"This word 'scarcely' does not imply that there is just a bare possibility that the righteous shall be saved, for I believe that every man that is under the blood of the Master shall be saved. I believe we would all be better people if we would learn to trust God more. God is going to be kind and thoughtful to His children. But no man that has turned the Master down is a child of the living God. I do believe and know that God's word teaches that those who surrender to Christ become heirs of God and joint heirs with Jesus Christ.

"You and I know that if we disobey the physical laws we are going to have to pay the physical penalty. If we disobey God's laws we are going to have to pay the penalty. What penalty shall be visited upon this ungodly man, upon this sinner? Where shall the ungodly and the sinner show up?

## Should Prepare for Death.

"I believe the ungodly and the sinner shall appear at death. There surely isn't a man in this audience tonight that expects to live forever. Every man shall die. What a dark and gruesome death is the death of the sinner. And there is always something sweet and charmed about the death of a Christian. God pity the man that doesn't know the way through the gloom and darkness up to God. Oh, the death of the wicked is a serious and awful death.

"I believe the thoughtful man will be prepared for death. It is pitiable for a man these days to leave his family unprepared. It seems with the insurance protection there is today that there is no excuse for a man to leave his family in poverty. If this is true in the physical life, what is our responsibility to our own souls?

## Cannot Get Away from It.

"Then I believe the ungodly shall appear at the judgment. Every man among us shall come to judgment. We have an attorney over there to plead our case. His life is appropriated for human need. The sinner shall appear there for the sinner's wages. The wages of sin is death, and that is all he is going to get, but the gift of God is eternal life through Jesus Christ, our Lord. People can't earn everlasting life—it is a gift of God to His children.

"The sinner shall appear at the judgment with an awful conscience haunting him. No man can hope to get away from his crime. There is only one way and that is through Jesus Christ. The blood of Christ changes the character of a man."

## ADD NEW TAX PENALTY MONDAY

One Per Cent Additional Levy Causes Many Delinquents To Pay Up.

An additional 1 per cent penalty will be added to both delinquent city and county taxes after tomorrow, the law providing for a 1 per cent penalty being added each month. The first penalty became effective January 1.

The knowledge that an additional penalty would take effect Monday, has caused quite a number of persons to pay up the last few days. Deputy City Collector Harold Sealeman reported the receipt of more than \$300 in city taxes yesterday while a larger payment is anticipated today.

## David Warwick Pleased Crowd.

The five-reel feature film of "The Dollar Mark" with Robert Warwick starring, was shown at the Fern theatre last night. Warwick's acting met with approval by the audience.

## NORMAL WON 35-18

MISSOURI WESLEYANS DEFEATED EASILY AFTER INITIAL SUCCESS.

## WAS CLEAN FAST GAME

Local Players Put Snap in Contest After First Half—Methodists Score First Nine Points.

The Maryville Normal basket ball team added another scalp to its belt last night by defeating the Missouri Wesleyan team by the decisive score of 35 to 18.

The game, although not so exciting from the view point of the spectator as either the Tarkio or William Jewell game, was one in which good plays and the team work of both aggregations was a feature of the contest.

The Wesleyan team started the game with a rush and scored two field goals before the locals got into the swing of the game, and had scored nine points before the home team had shot a basket from the field. During this time Vandersloot had dropped the ball through the net four times from the foul line.

## First Half Stood 11-9.

The Green and White machine had begun to work smoothly by this time, however, and forged past the Methodists before the end of the half, and when the gun sounded the score stood 11-9 for the locals. The half was comparatively slow.

At the beginning of the second session the Normals went into the game with about double the speed and snap previously displayed and commenced scoring with great regularity. The Wesleyans dropped back to a defensive game, and although they played great ball, were unable to stem the tide.

During the latter part of the half the Maryville forwards broke entirely away from their guards and scored goal after goal.

For the visitors, McCool and Poland displayed a classy article of ball, and as usual, Coach Hanson's "They were all stars" held good for the Normal team. Vandersloot and Leech both played gilt edged ball and worked together like a well articulated machine.

## Crowd Supports Normal Well.

Scarlett, although working against a larger, heavier man, played a great game. Scott, McClintock, Quinn and Woodward, at guard played great defensive games, as is evidenced by the fact that only two field goals were made by the Methodist forwards. The way Coach Hanson's machine worked was a delight to the fans, and time after time, when a series of snappy passes landed the ball in the Maryville basket, the crowd went wild with enthusiasm.

About three hundred persons attended the game, and the organized rooting of the Normal student body was a feature of the contest. Another noticeable feature of the game was a group of high school students who gave yell after yell for the home team. They were an inspiration to the Normal players, two of whom were former high school students.

The Y. M. C. A. and the Y. W. C. A. gave a joint luncheon at the Normal yesterday afternoon and practiced yells before the game.

## Referee Pleases All.

Morris Riley of the Kansas City Athletic club refereed the game and proved to be an impartial and competent official. Summary:

## F. P. WAGG, NORMAL TUTOR

Brooklyn Educator of Wide Experience Succeeds Prof. M. G. Neale.

Prof. Frank P. Wagg, a graduate student of Columbia university, New York City, has been appointed to succeed Prof. M. G. Neale in the State Normal school. He will take up his duties Monday.

President Richardson has been teaching the classes in history of education and educational sociology during January, along with his administrative work. Prof. Neale recently resigned to take a state position.

Prof. Wagg holds the bachelor of arts degree from Bates college, Maine, and the master of arts degree from Columbia university, with the master's diploma in education from teachers' college, New York City.

He has had a wide teaching experience in different parts of this country. He was for two years in the Philippines, and also was supervisor of all grammar grades in the Panama canal zone for four years.

Recently he has been connected with the Brooklyn, N. Y., training school for teachers. He comes highly recommended by the appointment committee of the teachers' college and by such men as Prof. Strayer and Prof. Suzzallo of that institution.

## DISCUSS COUNTY NEEDS

Community Club Gives Program Last Night at Clyde School.

The advisability of Nodaway county employing a farm adviser was the principal topic for discussion at the meeting of the Clyde Culture club held last night at the Clyde school house, southwest of Hopkins. The club is a social organization of the people living in the Clyde neighborhood, and the meetings are held fortnightly. The older people and the children of the school are joint members. Last night the program was given entirely by the older members, and included some splendid talks and readings. Mrs. Ernest Ingels took the subject "How to Make Farm Life Happier for Women," and Mrs. S. G. Massie "How to Spend Leisure Hours," and each gave interesting papers.

"How to Increase the Average Yield of Corn" was spoken of by Earl Anderson; "Rural Telephones, Mail Delivery and Parcel Post" was given by Floyd Pope, and "The Rural School and Farm" by Bert Baldwin. The feature of the program was the debate, "Resolved, that Nodaway county needs a farm advisor," discussed by Loren Gillespie and U. A. Anderson.

## BISHOP ADDRESSES METHODISTS.

Rev. Cox Attends Meeting Yesterday in St. Joseph.

The Rev. G. S. Cox, pastor of the First Methodist church, returned at noon from St. Joseph, where he went to attend a special meeting held yesterday by the Methodist churches of St. Joseph in honor of Bishop Henderson of Chattanooga, Tenn. Addresses on topics vital to Methodism and the work of the church were made by Bishop Henderson.

## 6 COUNTY JOBS TO FILL

Board Will Consider Applicants for Appointive Positions Next Week—Seeks Dramshop License.

When the county court meets Monday in regular session it will have two important acts to perform before adjournment. One will be the filling of six county positions for the next year. The other will be the sale of the \$25,000 in bonds authorized, November 10, to be issued for the improvement of roads and bridges in Lincoln township.

So far, five applications for county positions have been filed with County Clerk Fred J. Yeomans. Three of them are for court house janitor and two are for county physician and health officer. It is believed at least one application for each of these positions will be made before the places are filled. W. A. Townsend, present janitor, has not yet filed application, but intends to do so.

It is not believed any changes will be made by the county court, despite the competition ensuing in the two positions.

The appointments will probably not be made anyway before next Wednesday.

While few bids have so far been made on the Lincoln road improvement bonds, according to Fred P. Robinson, in charge, it is expected several bids will be turned in directly to the county court when it convenes Monday afternoon. This anticipation is brought about through the fact that a number of concerns have inspected the bonds and appeared to favorably consider them.

If the bonds are sold next week, it is not probable that the fund will be available before May 1, as several preliminary steps must be made. The bonds will be dated April 1, 1915, and will mature at various times between 1915 and 1929.

The application of John Kane for the renewal of a dramshop license, also will be considered by the county court at this meeting. The usual monthly allowance or rejection of bills against the county also will be made.

## 32 RURAL SCHOOLS APPROVED.

"Little Brick" District Meets State Requirements—Six Others Try For Honor.

A total of thirty-two rural schools of Nodaway county now have been fully approved by the state public school department, the last addition being the "Little Brick" school, situated about five miles north of Burlington Junction. It is taught by Miss Stella Hurst.

Six other schools over the county are trying for the approval honor, but up to date they have not entirely met with the state requirements, or have not been officially inspected by County School Superintendent Albert H. Cooper. The requirements are pretty difficult for a school to attain.

The approved schools now are:

Unity, Lone Elm, Hickory Grove, Independence, Highland, Lorain, Glendale, Myrtle Tree, Ireland, Star, Elm Grove, Union, Heron, Albright, Bell Grove, Fryar, Liberty, Morgan, Blackman, St. Mary's, Conception, McCann, Stark, Butler, North Wildcat, Swallow, Clyde, High Prairie, Shell Grove, Eureka, Burr Oak and Little Brick.

## 3 MONTHS' FEES, \$684.54.

Retired Circuit Clerk Makes Quarterly Report to County Court.

The quarterly report of Eugene Rathbun, circuit clerk, retired, which has been filed with County Clerk Fred J. Yeomans, for presentation to the county court Monday, shows a total of \$684.50 in fees was collected.

Of this amount \$82 was paid to Amos Sprecher, deputy clerk, and \$275 to Mrs. Maud Rathbun, Mr. Rathbun's wife, as salary for recording. The remainder, \$327.50, was retained by Mr. Rathbun as salary.

Men's Brotherhood Choose Fred P. Robinson, President—Others Re-Elected.

The annual election of officers of the Men's Brotherhood of the First Christian church was held in the church last night. All were re-elected except F. L. Flynt, who was succeeded by Fred P. Robinson. The other officers are Henry Westfall, vice president; John McDougal, secretary, and Edward Gray, treasurer.

#### MAY ENTER IOWA TOURNEY.

Maryville Bowlers Asked to enter Six-Town Contest at Creston, February 22.

An invitation for Maryville to send a five-men bowling team to the six-town bowling tournament to be held in Creston, Ia., February 22, has been received here by L. S. Yeo. The other towns entering the tourney are located in south-central Iowa.

While the invitation has not been definitely accepted, Mr. Yeo said Maryville probably would be represented. So far four bowlers have expressed a willingness to compete with the Iowa bowlers. They are Cleve Funk, Edward Schumacher, T. K. Wray and William Saunders.

The five-team bowling tournament which has been in progress here for the last few months, will close about February 15, so that it could be decided prior to the Creston match, which were the five best bowlers here. As a team, the Haines bunch now leads.

In the invitation to Mr. Yeo, which was sent out by E. M. Reardon, manager of the Creston Bowling alley at Creston, it is stated the Iowa teams are bowling between 2,300 and 2,500. This, Mr. Yeo says, is about the same as the local bowlers are averaging.

#### WOULD NAME PARCEL CONTENTS.

State Measure to Require Labeling of Express Packages is Introduced.

Senator Carter of Clary county has introduced in the state legislature a bill which requires packages shipped into "dry" territory to be labeled with information as to the exact contents and quantity, the name of the shipper and receiver.

Other bills introduced in the senate included:

Making Lincoln's birthday a legal holiday.

Reduce minimum penalty for forgery from 5 to 2 years.

Providing for precinct local option.

Changing names of county advisers to agricultural agents.

#### PAY FOR CATTLE IT KILLED.

Government Will Compensate Farmers Losing Stock in Recent Disease Scare.

Prompt payment of farmers' claims for cattle slaughtered in the federal campaign against the foot and mouth disease is promised by the Department of Agriculture through an appropriation of 2½ million dollars to cover the expense of this work. Up to January 1 the campaign had cost the government \$2,129,138.

In Illinois \$600,000 will be paid out, 36,758 animals having been killed there. Pennsylvania had 17,896 slaughtered and Ohio 10,111. In all the states up to January 1 the total killed was 101,111, including 46,268 cattle and 47,735 swine.

Dr. J. L. Gillett of Barnard was in Maryville on business yesterday.

## STATE SPENDS LESS

TREASURY REPORT SHOWS DEMOCRATIC EXPENSE WAS LESS.

### REPUBLICANS THE 'GOAT'

Publicity Given in Erroneous Advance Statement That Expenditures Grew the Last Two Years.

The big and glorious "finding" of the Republican papers in general over Missouri, from the advance sheets of State Treasurer E. P. Deal's report, that the state expenditures of 1913-1914 were larger than in 1911-1912 under Governor Hadley, Republican, proved to be a "soap bubble." And it has been "busted."

The real correct report of Treasurer Deal shows that instead of there being an increase of \$7,598.39 in the expenditures of the executive department for the years 1913-14, as compared with the year 1911-12, there is a decrease of \$142.26 in favor of the Major administration.

The net increase of the revenues from the office of secretary of state is shown to be \$287,943.11 in the report, instead of a decrease of \$61,615.88, as shown in the advanced sheets. All of these comparisons are for the year 1913-14 as against 1911-12.

#### What Caused One Increase.

"A great deal of the additional expense of \$21,720.50 was brought about by the law passed by the forty-seventh general assembly, known as the auditing and examining law, says Treasurer Deal.

From the appropriations made for the auditor's office for 1913-14, the treasurer says, he turns back \$9,030.66 into the treasury, and that the amounts collected by the auditor show an increase of \$38,969.93.

In the report Mr. Deal says the state insurance department, which the advance sheets showed increased receipts only \$1,157.26, while the expenses increased \$13,795.61 for the two years, really had an increase in receipts of \$121,744.89, collected for that period. He adds that this department is not maintained primarily to produce revenue, but for the supervision of the business of insurance.

#### Many Take the "Bait."

How one Republican paper, the Globe-Democrat of St. Louis, took the "bait" is told in part as follows by the Hannibal Journal:

State Treasurer Deal used to be a trapper of small game down in Mississippi county, but he set a trap for big game at Jefferson City the other day, and the "mastodon" walked right into it with both feet. Mr. Deal issued advanced sheets or an incomplete report to the legislature. For a time it looked like the bait was not going to work. The report slumbered on the members' desks for several days, but finally the "mastodon" thought it scented something and pulled the cork clear under. "Exposed!" was the big headline in the Globe-Democrat. The treasurer's incomplete report was compared with the treasury receipts from the various state departments in 1911-12 (Hadley administration) with the receipts of 1913-14. The comparison looked to the advantage of the Hadley administration, but a complete report of the departments 1913-14 made the Hadley boys look right foolish, and the Globe-Democrat resembled a simpleton! It was made the goat.

#### Then the Republicans Balked.

Before the Globe-Democrat got onto the trick it induced one Wilder, a Republican member of the legislature, to introduce a resolution asking for the examination of the books of the Democratic state auditor, secretary of state and insurance commissioner. Mr. Wilder didn't know it was "loaded." As soon as the resolution was read, Hon. Frank H. Faris moved to amend by including an examination not only of all the present state officers, but the accounts of all past state officers. The amendment was adopted, and then there was a Republican chorus of "Vote 'er down, boys!"

But the resolution, as amended, was adopted, the Republicans voting almost solidly against it.

Deal's trap worked well!

#### Meet Bishop Henderson.

Dr. W. B. Christy of Maryville, superintendent of this district of the Methodist Episcopal church, and the Rev. Gilbert S. Cox, pastor of the First Methodist church, went to St. Joseph yesterday to meet Bishop Theodore F. Henderson of Chattanooga, Tenn. He was in St. Joseph yesterday.

# To The Men Who Need To Advertise

TEN DOLLARS will not buy as much advertising as a thousand, but it will buy just as real advertising as a thousand. In many cases it is the small business that has the greatest need for advertising. Small beginnings seem to be the fairly well established laws of nature. The ten dollar advertised business may grow to many thousands

IF A MERCHANT expects to dispose of his goods he must talk about them. The people in your community must be shown. Of course you can have a personal talk with but few of the buyers. It is getting to be the fact now days that a big part of

merchandise is sold before the buyer ever enters the store.

USE ADVERTISING display space that the reader will see. People are looking for the ads because this is the way many of them are doing their buying, thru the advertising.

THIS SEASON of the year is the opportune time for selling goods that will in a few weeks be no longer seasonable. If these goods are held over they will depreciate in value and even become unsalable. You can not sell a last year's style, as they will become later on. And unless you tell the buy-

ers about your goods you can't expect to sell them.

JUDICIOUSLY advertised goods are a paying investment. Because they turn the money of the shop keeper many times faster than the non-advertised goods. Non-advertising isn't saving money. It is a good way to lose money.

WHEN YOU take into consideration the statistical fact that 86 per cent of the business failures are the non-advertisers, you can appreciate how big a factor advertising is in building up a business. To the men who do advertise this ought to be a mighty convincing proof that it pays to advertise, and it pays big.

## LAWSON FLAYS FOUNDATIONS

Miners' Chieftain Scores Charity of the Rockefellers.

### POLICY "STUPID AND CORRUPT"

Says Thousands Suffer in Colorado While Own Earnings Feed Others In Philanthropy—Dumped Into Desert Without Food or Water.

New York, Jan. 30.—John R. Lawson, executive board member for Colorado of the United Mine Workers of America, appeared before the federal commission on industrial relations and attacked the testimony of John D. Rockefeller, Jr., and the methods and purposes of the Rockefeller foundation.

Mr. Lawson told of the shooting of striking miners in Colorado, the shattering of miners' homes, of how hundreds were dumped in 1902 into the desert without food or water, while others were driven over the snow, of the mountain ranges. He uttered a vigorous arraignment of Mr. Rockefeller for his confessed lack of knowledge of conditions among the workers of the Colorado Fuel and Iron company.

#### Charity of the Rockefellers.

The philanthropy of the Rockefellers, Mr. Lawson referred to as follows:

"Health for China, a refuge for birds, food for the Belgians, pensions for New York widows, university training for the elect—and never a thought or a dollar for thousands of men, women and children who starved in Colorado, for the widows robbed of husbands, children of their fathers. There are thousands of Mr. Rockefeller's employees in Colorado who wish to God they were in Belgium to be fed or a bird to be tenderly cared for."

"Fourteen months thousands of men women and children suffered on the mountainsides and prairies and two more months have gone since we called off the strike as a result of President Wilson, and yet he has not had the opportunity for a personal investigation."

#### His Excuse.

"His excuse for his lack of knowledge and his failure is that he is too busy. What is his business? He explained it by stating: 'I spend a large part of my time in directing, with others, the various foundations which my father has established and in giving time to questions of investments.'"

Mr. Lawson compared Mr. Rockefeller's testimony with that given by Henry Ford, who testified that he kept in close touch with labor conditions among his employees. Mr. Lawson reviewed that part of Mr. Rockefeller's testimony in which it was stated that John D. Rockefeller, Jr., had received only \$371,000 in dividends on all his stock.

"It was only under questioning that he confessed that his father received \$3,889,000 from his bonds," Mr. Lawson continued. "Whatever appearance of poverty clings to the company is not due to anything but its own stupid and corrupt policy. Had it taken the money it has spent in controlling officials and the electorate, in purchasing machine guns, the employment of gunmen and in crushing the aspirations of human beings, and spent it in wages and the improvement of working conditions, they would have rich returns in increased productivity."

A total of 1,300 bills have so far been introduced in the state legislature and the session isn't half over. Of this number 800 have been presented in the house and 500 in the senate. At least 2,000 bills are expected before the assembly ends.

**LAXATIVE FOR OLD PEOPLE—"CASCARETS"**

Salts, Calomel and Pills Act on Liver and Bowels Like Pepper Acts on Nostrils—Danger!

Get a 10-cent box now. Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles. So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.

**SAYS FIRE MARSHAL IS NEEDED.**

State Insurance Expert Explains Flames' Ravage and How to Stop It.

Charles G. Revelle, state insurance commissioner, is firm in the belief that Missouri needs a fire marshal, as many other states have, and he is trying to get such an office created by this legislature.

Here is what he says: "A fire marshal's department would cost us about \$25,000 a year. We're spending about \$11,000,000 a year on fires. We would have half of that each year with a fire marshal's department."

"Half of the fires which occur in Missouri would be charged with preventing the operation of the arson trust, and with educating the people to prevent fires, as well as ordering improvements in property to make the fires less likely, would save \$2,000,000 the first year and finally would save half of our annual fire loss."

"Our burning record in Missouri is the highest of any in the United States except Arkansas. There is no such difference in conditions in Missouri and other states as would justify this difference. And when we remember that fire loss of the United States is from ten to twenty times that of European countries, we readily understand that something is radically wrong."

"Our annual fire loss is twice as high as the cost of maintaining our state government, including our educational, penal and eleemosynary institutions. Our percentage of loss as compared with premiums is 79.9. It costs the companies from 30 per cent to 40 per cent of the premiums to do business, to say nothing of profits. You can understand why fire insurance rates cannot be materially lowered until our percentage of loss, compared with premiums, in the United States is 53 per cent."

**GERMANS ATTEMPT TO CROSS AISNE**

Make Two Efforts to Get Over River, but Fail, Says Paris.

Paris, Jan. 30.—The following official communication was issued:

"At the east of Soissons the Germans have made two attempts to cross the Aisne—one at the Mill of the Rocks and the other at the head of the bridge which is held by our troops to the north of the bridge of Venzel. These two attacks were repulsed."

"During the night Dunkirk was bombed by more aviators, who caused some insignificant losses, but killed or wounded only a few persons."

"Between 11 p. m. and 2 a. m. two of our aviators launched numerous bombs upon the enemy's works of Laon, Laferre and Soissons."

"A German aeroplane was brought down east of Gerberville. Its pilot and mechanic, a German officer and sub-officer, were made prisoners."

**CANAL CEREMONY POSTPONED**

Exercises Will Be Held in July Instead of in March.

Washington, Jan. 30.—Formal announcement of the postponement of the opening ceremonies at the Panama canal from March until some time in July, was made by Secretary Daniels after a cabinet meeting. In July the Atlantic fleet will pass through the canal and all of the other ceremonies planned by President Wilson's attendance will be held. The report of Governor Goethals of slides in Culebra cut was given by Mr. Daniels as the reason for the postponement.

It was definitely announced that President Wilson expects to go to the San Francisco exposition in March, despite the postponement of the opening of the canal, and will make a special trip to Panama in July.

**RUSS ARMY ADVANCING ON EAST PRUSSIA**

Petrograd, Jan. 30.—The advance of the Russian Tenth army into East Prussia follows virtually the lines of the first march of General Rennenkampf, except that the point selected for the invasion is farther to the northward. This was done to avoid a repetition of the Russian defeat in the Mazurian lake district. The present Russian invasion is understood to be more fully prepared and in greater force than was the first one and, as before, the aim of the army is the German fortress of Koenigsberg.

From information available it appears that the Germans, who for many weeks past had maintained only a small force in this region, have rushed virtually the entire garrison of Koenigsberg to the front, as well as drawing upon the German forces on the Warsaw front in the endeavor to prevent the Russians from flanking the Mazurian positions.

Russian military experts argue that this Russian offensive movement will force the Germans to abandon the Bzura river line or compel them to draw forces from the western frontier, as was done at the time of the first invasion of East Prussia, and which materially affected the German advance in the direction of Paris.

At present there is no noticeable diminution of the almost daily attacks from the fortified line along the Baura and Rawka rivers.

**Matinee Party.**

Mrs. George L. Whitley and daughter, Geneva, and Miss Virginia Robinson left this morning for St. Joseph to spend the day visiting and to attend the matinee production of "Everywoman," given at the Lyceum by the Henry W. Savage company.

**Lodges to Banquet.**

Plans were made last night at a meeting of the Woodmen Circle for the annual banquet of the W. O. W. and Circle which is to be given on Thursday night, February 4, in the W. O. W. hall. All members of the W. O. W. and Circle and their families are invited to attend. The women will prepare for the banquet and each is requested to bring a well packed basket. Two applications for membership into the Circle were received last night. They were from Mrs. Raymond Thompson and Mrs. C. C. Bone, who will be initiated at the next meeting.

**Neighborhood Club Meets.**

Mr. and Mrs. Eugene Wallace, living south of the city, entertained their neighborhood club last night with a pleasant party at their home. The hours were spent with various games and a delicious repast served. Those present were Mr. and Mrs. Peter Myers, Mr. and Mrs. John Yates, Mr. and Mrs. Albert Carr, Mr. and Mrs. Lester Lyle, Mr. and Mrs. George Dewitt, Mr. and Mrs. Eugene Lyle, Misses Allene Carr, May Doran, Emma Boatwright, Lottie Anderson and Pearl Wallace, Daniel and Leo Myers, Clifford Lyle, Galen and Lynn Wallace. The next meeting of the club will be at the home of Mr. and Mrs. Myers.

**Surprise Party.**

A party of friends gathered unannounced at the home of Mr. and Mrs. Sam Miller, west of Bolckow, Thursday evening and surprised the family folks. Music and games was the diversion of the evening. Miss Mabel Dysart presented a delightful piano program for the entertainment of the guests, who were Mr. and Mrs. Ed Russell and family, Mr. and Mrs. William Hurst, Mr. and Mrs. R. P. Miller, Miss Mabel Dysart, Miss Susie Martin, Miss Beulah Russell, Miss Nettie Mil-

Mrs. Robert Lyle Finch gave a luncheon today complimentary to Mrs. O. W. Lawrence of Kansas City and Mrs. Ross of Canton, who are visiting in the city. Mrs. Lawrence and Mrs. Ross were the honored guests of a reception given this afternoon in the parlors of the First Christian church by the C. W. B. M. and the Mission Circle of the church.

**Wedding Invitations Issued.**

Invitations have been issued to the marriage of Miss Harriett Bales, the daughter of Mr. and Mrs. Walter J. Bales and Mr. Phillip D. Campbell of Kansas City, which takes place Wednesday night, February 10, at the Bales home in Kansas City. The groom is a cousin of E. L. Townsend and H. T. Hooker, and a nephew of S. H. Townsend and Mrs. C. D. Hooker of this city. A number of the Maryville relatives will probably attend the wedding.

**Mrs. Fakes Hostess.**

The L. I. club met Thursday afternoon at the home of Mrs. Verne Fakes, south of Hopkins. The answers to roll call were an enumeration of Missouri's resources, and responses were given by Mrs. Bert Blackney, Mrs. John Ringgold, Mrs. S. G. Massie, Mrs. Rufus Ringgold, Mrs. C. M. Pope, Miss Jennie Ringgold and the hostess. The topic of study was "Making Over the Backward Child," and readings taking up the various phases of child education were given by Mrs. Pope, Mrs. Fakes and Miss Ringgold. An hour with needlework followed the program and a two-course luncheon was served. The next meeting will be with Mrs. John Ringgold on the afternoon of February 10.

**Society Entertained.**

Mrs. L. L. Maier, Mrs. J. S. Ford and Miss Mary Q. Evans entertained the Women's Missionary society of the First Methodist church yesterday afternoon at the home of Mrs. Maier, on West Fifth street. The meeting was begun with devotions by Mrs. M. D. Kemp. The various program numbers, relating to the study topic, "The Aboriginal Red Man," were given by Mrs. C. F. Remus, Mrs. W. B. Christy, Mrs. I. W. Nixon and Miss Ethel Embree. A musical program on the mandolin and guitar was given by Lee and Leonard Maier, the young sons of the hostess. Mrs. John Price and Mrs. James Hernon were visitors at the meeting.

### EXPLAINS CODE REVISION.

Former Maryville Resident Outlines Provisions for Bettering Missouri Laws.

Just what the revision of the Missouri code of procedure means is outlined in a letter to The Daily Democrat-Forum, written by Forrest C. Donnell of St. Louis. Mr. Donnell is in partnership with Judge Selden P. Spencer of St. Louis in practicing law.

Mr. Donnell is well known in Maryville, having been born and reared here. Donnell was graduated from the University of Missouri A. B., in 1904, and LL. B. 1907. He was valedictorian of his class in both arts and law. He was Rollins scholar his junior year in arts and also in law. He made the highest average that has ever been made on the Missouri state bar examinations, averaging 96 on twenty-five examinations. He is a graduate of the Maryville high school.

The letter, which is interesting because of its incisive analysis of the legislation now pending at Jefferson City, follows.

Editor Democrat-Forum:

The Missouri code commission appointed by the governor of the state last May to consider a revision of the civil and criminal codes of procedure has submitted a report accompanied by eighteen proposed bills which have among their primary objects the creation of a simplified and less expensive procedure and a higher professional standard at the bar.

This commission, by the way, is entirely non-partisan. In regard to raising the professional standard at the bar, you will doubtless recall the case in which the supreme court practically held that a conviction under the criminal statutes of the state is necessary in order to make possible the disbarment of an attorney. The act proposed by the code commission will make possible the disbarment not only because of conviction of any criminal offense involving moral turpitude or indictment for the same, but also because of the retention of a client's money, guilt of any malpractice, deceit or any misdemeanor whatsoever in professional capacity or any professional conduct, act or practice whatsoever tending to defeat justice or to bring the courts and profession or the practice of law into disrepute.

Among the more noticeable features of the bills tending to expedite civil

procedure and make it less expensive are:

(a) The provision requiring defendants to plead on the return day of writ and making writs returnable not more than 20 days from date of issue, instead of next term of court.

(b) The abolition of demurrers and special, separate or dilatory pleas—it being provided also that all exceptions to one pleading must be embraced in one paper or they will be deemed waived, thus obviating the practice of incorporating each separate objection in separate motion filed after overruling or sustaining a prior one.

(c) The provision abolishing general denials and providing that all allegations of a petition not specifically denied shall be taken as true.

(d) The provision that all errors and defects not affecting substantial rights of the parties shall be disregarded.

(e) Provision requiring more prompt reports by referees and providing for their compensation.

On the criminal side there are a number of proposed changes, all of them tending toward the abolition of formalities and technicalities.

Cordially,

F. C. DONNELL.

## HEAVY SNOWS IN EAST HALT FIGHT

Austrians Report Russian Attacks in Carpathians Repulsed.

CAPTURE MANY PRISONERS.

Russian Offensive Has Developed in Extreme North of East Prussia—Armies in France and Flanders Are Recuperating at Present.

### WAR SUMMARY

Most sanguinary fighting is taking place in East Prussia, in parts of Poland and in the Carpathian range. In East Prussia the Russians are battling hard to pierce their way through to Koenigsberg.

German attempts to cross the Aisne were repulsed, Paris reports.

General Pau of the French army has been sent to Russia to command a Russian army.

Vienna declares that to the west of Uzsok pass in the Carpathians the Russians have been repulsed with heavy losses, and Petrograd probably confirms this by its statement that "in the face of superior numbers in the region of Beskid pass, our advance guards retired slightly to a previously established position."

Cairo reports that Turkish outposts have reached the vicinity of Tor, near the southern point of the Sinai peninsula on the Gulf of Suez. Berlin asserts all the German warship engaged in last Sunday's battle have returned to their base except the Bluecher.

Italy's soldiers of the first and third category and also the Alpine troops have been called to the colors. Austria has established a grain monopoly similar to that in operation in Germany. It is reported.

London, Jan. 30.—With the armies in France and Flanders recuperating after the strenuous fighting of the earlier days of the week and only local actions being recorded, interest in the war situation has been transferred to the Russian offensive in East Prussia and the attempt of a strong Austro-German army to dislodge the troops of Emperor Nicholas from their positions in the Carpathians.

In East Prussia a Russian offensive has developed in the extreme north, where the renewed fighting seems to confirm the belief that a definite effort to advance north of the Mazurian lakes district, where previously the Russians were defeated, had been decided upon by the Russian general staff.

The following official communication was issued at Vienna:

"There has been a heavy snow fall in West Galicia and Poland, so that only reconnoitering and fights between patrols have occurred and artillery engagements where circumstances permitted. In the Carpathians, west of the Uzsok pass, the Russian attacks were repulsed with heavy losses. Near Vezerasallas and Volovoco the battles ended with the enemy having been repulsed from the heights of the pass. We captured 400 prisoners."

A dispatch from Tiflis, the Russian army headquarters in Transcaucasia, says: "Fifty Greek villages around Kara, in southern Transcaucasia, have been laid in ruins by the Turks. The flight of the Greek inhabitants was precipitate and the women and children are said to have suffered intensely from the cold weather."

Dispatches from Vienna state that the city council and the press are demanding that the Austrian government immediately follow the example of Germany and confiscate all stocks of grain, flour and meal. Practically no grain is being offered on the markets in Vienna, Budapest or Prague.

It is reported that General Pau, the noted French army commander, has been sent to Russia to take over the command of one of the Russian armies in Poland.

Chicago, Jan. 30.—Mike Gibbons and Eddie McGoorty will meet in a twenty-round boxing contest at Havana, Cuba, in March, if they can agree on terms with the promoters.

McGoorty received an offer of a guarantee of \$4,000 or 25 per cent of the gross receipts, and replied that he would accept \$5,000, with the privilege of 30 per cent of the gate.

### Pay Rolls Submitted.

Chicago, Jan. 30.—Payrolls showing just what were the earnings of engineers, firemen and the hostlers on the ninety-eight western railroads involved in the arbitration of wage demands of their enginemen were introduced here. Passenger engineers, said the synopsis, earned an average of \$184 in October, 1913; engineers in through or regular freight service, \$170, and engineers in local way freight service, \$172. Passenger firemen earned an average of \$116; in through or regular freight, \$110, and in local or way freight service, \$105.

## SENATORS TRYING TO END FILIBUSTER

Democrats Determined to Force  
Vote on Ship Bill

Washington, Jan. 30.—Determined to crush Republican opposition and end the long fight over the government ship purchase bill, the Democrats held the senate in session all night with the avowed purpose of forcing a final vote before recess or adjournment.

How long the minority would be able to hold off the vote, no one would say, but even the most optimistic Democrats admitted that the session might last through tonight. Others thought it more likely to continue for two or three days.

### BRADSTREET'S TRADE REVIEW

Pendulum of Trade Swinging in Direction of Improvement Still.

New York, Jan. 30.—Bradstreet's Weekly Review says:

The pendulum of trade continues to swing in the direction of improvement. Starting at a very slow pace three weeks ago, it is now moving at a more satisfactory rate, though even yet the movement is but conservatively steady. Almost everywhere the disposition is to look on the bright side. Spring buying, especially of textiles continues to multiply; the labor situation, while far from normal, is such that idleness is decreasing; winter weather over a wide area has helped reduce stocks of heavy goods; money is cheaper; commodity prices are higher, funds are plentiful in the central growing regions; winter wheat is in good shape; copper is higher, and steel mill operations are being increased.

Bank clearings for the week were \$2,978,817,000. Wheat exports aggregated \$619,869 bushels. Failures were 552.

### Will Try to Pass Bill Over Veto.

Washington, Jan. 30.—The house immigration committee voted 8 to 3 to report the immigration bill, vetoed by President Wilson, back to the house with the recommendation that it be passed over his veto. Chairman Burnett expressed the opinion that the bill would get the necessary two-thirds vote. The committee's report will be brought in for a vote Thursday.

Brooklyn Releases Pitcher Reulbach. New York, Jan. 30.—Pitcher Edward Reulbach was unconditionally released by the Brooklyn National league club. Reulbach came from the Chicago club to Brooklyn during the season of 1913.

## UP TO NEXT CONGRESS REVENUE LEGISLATION

Washington, Jan. 30.—Plans for additional revenue legislation were discussed among congress leaders and the only definite development was that the subject would be considered at the next congress.

A re-enactment of the war revenue bill, revision of the income tax to increase its receipts, a suspension of the free sugar schedule of the tariff law which becomes effective in 1916, or sale of the unissued Panama bonds were under discussion, but it was said there was no administration backing for any revenue raising proposal at this time, and the subject was being left for the next congress.

## CHURCH CLASS MET

WAGE EARNERS OBSERVE SECOND ANNIVERSARY.

## SOME SPEAKERS ABSENT

Illness and Business Caused Several Banquet Talks to Be "Cut"—Will Elect Officers Next Week.

The Wage Earners class of the Buchanan Street Methodist church observed its second anniversary with banquet and speaking at the church last night. Seventy-eight attended. While several of those listed to speak at the banquet were not able to be present, others spoke in their stead. The banquet began at 8 o'clock. It was followed by the speaking.

Dan R. Baker, teacher of the local Wage Earners class, was toastmaster. He made the opening address, taking as his topic "Fraternity."

He was followed by the Rev. C. B. Duncan of St. Joseph, presiding elder of this district of the South Methodist church. Mr. Duncan took the topic "Dangers and Opportunities," set for the Rev. J. D. Randolph of Fayette, who could not come.

### St. Joseph Class Active.

Roy Bealls, president of the Olive Street chapter of the Wage Earners of St. Joseph, addressed the church workers on the progress of the St. Joseph class and of its plans for the future. He told of the club's success in obtaining a fund to install a gymnasium in the club rooms of the class. The improvement will cost about \$6,000, he said.

Nelson R. Crow, secretary of the Olive Street chapter at St. Joseph, next spoke on the social side of the class there and of its influence over the young men of that church. He told also of athletic actions of the class, of its success in carrying off the city pennant in the recent indoor base ball tourney and of the class' hopes of getting the basket ball pennant this winter. The class has played six games so far and has won five of them.

### President Gets Gift.

Responsive addresses were made by Charles Selzer, Floyd Brown, A. T. Stinson and Henry Thorp of the local chapter.

At the close of the speaking Toastmaster Baker, in a short speech, presented Floyd Brown, president of the local class, with a class scarf pin as a present from the local chapter. Mr. Brown will leave soon for Trenton to make his home on a farm.

Several vocal selections were given last night by Mrs. Carter of Burlington Junction.

The election of officers of the local chapter will be held next Friday night.

## SOCIAL CENTER CLUB MEETS

High School Organizations Give Plays, Songs and Recitals—Senate to Debate.

The various social center clubs of the high school met last night at the Washington school building. At first the different societies went to their own meetings, then all met together. The dramatic club was entertained by a short comical play, "The Riggles Family," in which just several girls took part. It was very amusing and produced a great deal of laughter.

In the senate the boys selected the party and state which they wished to represent. Several bills were introduced and at the next meeting they will be ready to argue on them.

The Campfire Girls met and made further progress in their work.

After the meetings all met in the auditorium, where the play by the dramatic club was again given. Lavisa Coleman and Ruby Irwin then gave some song selections.

Visiting in Maryville.  
Mrs. W. D. Mallon of St. Joseph, and her sister, Mrs. Walter Gilliam of Salt Lake City, arrived in Maryville at noon to visit their cousin, Miss Irene Swinford of South Main street. They will also visit at the home of Mr. and Mrs. E. P. Powell, south of Maryville.

## COMPLETES THREE YEARS' WORK.

The Rev. Harkness Concludes Third Year of Pastorate Tomorrow.

A special significance attends the services of the First Presbyterian church Sunday, as the day completes a three years' pastorate for the Rev. S. D. Harkness. During that time 102 members have united with the church.

At the morning service the Rev. Mr. Harkness will give the final of a series of sermons on "The Approaches of God." The sermon is the eighth one, and the subject will be "God's Ultimate Approach Through the Lord of All." Prof. H. B. Schuler will have charge of the musical part of the service.

## LUMBERMEN ELECT C. C. TRAPP.

Graham Lumber Dealer is Director in Southwestern Association—Makes an Address.

C. C. Trapp, lumber dealer of Graham, was elected a member of the board of directors of the Southwestern Lumbermen's association at Kansas City yesterday, before the association ended its annual convention. The association extends over most of the middle western states.

Mr. Trapp is quite prominent in lumber circles, being in demand wherever lumbermen gather for an address. His theme is "Credits and Sales." This he delivered before the southwest lumbermen this week.

## EMPLOYS ST. JOSEPH PASTOR.

The Rev. Cunningham Takes Charge of Elmo Christian Church.

The Christian church of Elmo has selected the Rev. E. L. Cunningham of St. Joseph as pastor. The Rev. Mr. Cunningham held his first service at the church Sunday. Meetings will be held the second and fourth Sundays of each month.

## Pays \$9,000 for 74 Acres.

F. E. Reed of near Hopkins, has bought the 74-acre farm three miles south of Burlington Junction of Ray Boyer, the consideration being \$9,000. Mr. Reed's son, T. F. Reed, who lives six miles east of Hopkins, has rented the farm and will probably move here in a few weeks. Loren Reed, another son, who has been living on this farm, has leased the John Hum place, west of Burlington Junction, and will move there about the first of March.

## File Attachment Suit.

An attachment suit has been filed in circuit court here by Scynthia A. Lamar against David M. Landis, who lives northwest of Sheridan in this county. The petition alleges a breach of contract.

Property of Landis to be attached is valued at \$869.50 or more, for which sum the suit is brought. The attachment was made yesterday by Deputy Sheriff John Porter.

## END REVIVAL SOON

BAPTIST CAMPAIGN WILL CLOSE MONDAY NIGHT, ANNOUNCED.

## HAVE CONVERTED 182

Sixteen Added Last Night Following a "Hereafter" Sermon by Evangelist Burch—Baptize Many Tonight.

The First Baptist church expects to close its revival services Monday night, after a four weeks' evangelistic campaign, during which time 182 conversions already have been announced. Sixteen of these conversions were added last night. Each night the past two weeks the services have been largely attended, even standing room being at a premium on some occasions. Baptismal services will be held tonight preceding the regular service.

A feature of the musical service last night was the singing of "Think of What Said," by the Rev. A. E. Burch and family.

Evangelist Burch's topic and text were: "If the righteous scarcely be saved, where shall the ungodly and the sinner be?"

### Where Will Sinner Go?

"This word 'scarcely' does not imply that there is just a bare possibility that the righteous shall be saved, for I believe that every man that is under the blood of the Master shall be saved. I believe we would all be better people if we would learn to trust God more. God is going to be kind and thoughtful to His children. But no man that has turned the Master down is a child of the living God. I do believe and know that God's word teaches that those who surrender to Christ become heirs of God and joint heirs with Jesus Christ.

"You and I know that if we disobey the physical laws we are going to have to pay the physical penalty. If we disobey God's laws we are going to have to pay the penalty. What penalty shall be visited upon this ungodly man, upon this sinner? Where shall the ungodly and the sinner show up?

### Should Prepare for Death.

"I believe the ungodly and the sinner shall appear at death. There surely isn't a man in this audience tonight that expects to live forever. Every man shall die. What a dark and gruesome death is the death of the sinner. And there is always something sweet and charmed about the death of a Christian. God pity the man that doesn't know the way through the gloom and darkness up to God. Oh, the death of the wicked is a serious and awful death.

"I believe the thoughtful man will be prepared for death. It is pitiable for a man these days to leave his family unprepared. It seems with the insurance protection there is today that there is no excuse for a man to leave his family in poverty. If this is true in the physical life, what is our responsibility to our own souls?

### Cannot Get Away from It.

"Then I believe the ungodly shall appear at the judgment. Every man among us shall come to judgment. We have an attorney over there to plead our case. His life is appropriated for human need. The sinner shall appear there for the sinner's wages. The wages of sin is death, and that is all he is going to get, but the gift of God is eternal life through Jesus Christ, our Lord. People can't earn everlasting life—it is a gift of God to His children.

"The sinner shall appear at the judgment with an awful conscience haunting him. No man can hope to get away from his crime. There is only one way and that is through Jesus Christ. The blood of Christ changes the character of a man."

## ADD NEW TAX PENALTY MONDAY

One Per Cent Additional Levy Causes Many Delinquents To Pay Up.

An additional 1 per cent penalty will be added to both delinquent city and county taxes after tomorrow, the law providing for a 1 per cent penalty being added each month. The first penalty became effective January 1.

The knowledge that an additional penalty would take effect Monday, has caused quite a number of persons to pay up the last few days. Deputy City Collector Harold Sealeman reported the receipt of more than \$300 in city taxes yesterday while a larger payment is anticipated today.

## David Warwick Pleased Crowd.

The five-reel feature film of "The Dollar Mark" with Robert Warwick starring, was shown at the Fern theatre last night. Warwick's acting met with approval by the audience.

## NORMAL WON 35-18

MISSOURI WESLEYANS DEFEATED EASILY AFTER INITIAL SUCCESS.

## WAS CLEAN FAST GAME

Local Players Put Snap in Contest After First Half—Methodists Score First Nine Points.

The Maryville Normal basket ball team added another scalp to its belt last night by defeating the Missouri Wesleyan team by the decisive score of 35 to 18.

The game, although not so exciting from the view point of the spectator as either the Tarkio or William Jewell game, was one in which good plays and the team work of both aggregations was a feature of the contest.

The Wesleyan team started the game with a rush and scored two field goals before the locals got into the swing of the game, and had scored nine points before the home team had shot a basket from the field. During this time Vandersloot had dropped the ball through the net four times from the foul line.

### First Half Stood 11-9.

The Green and White machine had begun to work smoothly by this time, however, and forged past the Methodists before the end of the half, and when the gun sounded the score stood 11-9 for the locals. The half was comparatively slow.

At the beginning of the second session the Normals went into the game with about double the speed and snap previously displayed and commenced scoring with great regularity. The Wesleyans dropped back to a defensive game, and although they played great ball, were unable to stem the tide.

During the latter part of the half the Maryville forwards broke entirely away from their guards and scored goal after goal.

For the visitors, McCool and Poland displayed a classy article of ball, and, as usual, Coach Hanson's "They were all stars" held good for the Normal team. Vandersloot and Leech both played gilt edged ball and worked together like a well articulated machine.

### Crowd Supports Normal Well.

Scarlett, although working against a larger, heavier man, played a great game. Scott, McClintock, Quinn and Woodward, at guard played great defensive games, as is evidenced by the fact that only two field goals were made by the Methodist forwards. The way Coach Hanson's machine worked was a delight to the fans, and time after time, when a series of snappy passes landed the ball in the Maryville basket, the crowd went wild with enthusiasm.

About three hundred persons attended the game, and the organized rooting of the Normal student body was a feature of the contest. Another noticeable feature of the game was a group of high school students who gave yell after yell for the home team. They were an inspiration to the Normal players, two of whom were former high school students.

The Y. M. C. A. and the Y. W. C. A. gave a joint luncheon at the Normal yesterday afternoon and practiced yells before the game.

### Referee Pleases All.

Morris Riley of the Kansas City Athletic club refereed the game and proved to be an impartial and competent official. Summary:

	F. G.	F. T.	F.
Maryville—			
Vandersloot	9	18	5

## F. P. WAGG, NORMAL TUTOR

Brooklyn Educator of Wide Experience Succeeds Prof. M. G. Neale.

Prof. Frank P. Wagg, a graduate student of Columbia university, New York City, has been appointed to succeed Prof. M. G. Neale in the State Normal school. He will take up his duties Monday.

President Richardson has been teaching the classes in history of education and educational sociology during January, along with his administrative work. Prof. Neale recently resigned to take a state position.

Prof. Wagg holds the bachelor of arts degree from Bates college, Maine, and the master of arts degree from Columbia university, with the master's diploma in education from teachers' college, New York City.

He has had a wide teaching experience in different parts of this country. He was for two years in the Philippines, and also was supervisor of all grammar grades in the Panama canal zone for four years.

Recently he has been connected with the Brooklyn, N. Y., training school for teachers. He comes highly recommended by the appointment committee of the teachers' college and by such men as Prof. Strayer and Prof. Suzzallo of that institution.

## DISCUSS COUNTY NEEDS

Community Club Gives Program Last Night at Clyde School.

The advisability of Nodaway county employing a farm adviser was the principal topic for discussion at the meeting of the Clyde Culture club held last night at the Clyde school house, southwest of Hopkins. The club is a social organization of the people living in the Clyde neighborhood, and the meetings are held fortnightly. The older people and the children of the school are joint members. Last night the program was given entirely by the older members, and included some splendid talks and readings. Mrs. Ernest Ingels took the subject "How to Make Farm Life Happier for Women," and Mrs. S. G. Massie "How to Spend Leisure Hours," and each gave interesting papers.

"How to Increase the Average Yield of Corn" was spoken of by Earl Anderson; "Rural Telephones, Mail Delivery and Parcel Post" was given by Floyd Pope, and "The Rural School and Farm" by Bert Baldwin. The feature of the program was the debate, "Resolved, that Nodaway county needs a farm advisor," discussed by Loren Gillespie and U. A. Anderson.

## BISHOP ADDRESSES METHODISTS.

Rev. Cox Attends Meeting Yesterday in St. Joseph.

The Rev. G. S. Cox, pastor of the First Methodist church, returned at noon from St. Joseph, where he went to attend a special meeting held yesterday by the Methodist churches of St. Joseph in honor of Bishop Henderson of Chattanooga, Tenn. Addresses on topics vital to Methodism and the work of the church were made by Bishop Henderson.

RECEIVES BIDS ON LINCOLN ROAD IMPROVEMENT ISSUE MONDAY.

## 6 COUNTY JOBS TO FILL

Board Will Consider Applicants for Appointive Positions Next Week—Seeks Drainshop License.

When the county court meets Monday in regular session it will have two important acts to perform before adjournment. One will be the filling of six county positions for the next year. The other will be the sale of the \$25,000 in bonds authorized, November 10, to be issued for the improvement of roads and bridges in Lincoln township.

So far, five applications for county positions have been filed with County Clerk Fred J. Yeomans. Three of them are for court house janitor and two are for county physician and health officer. It is believed at least one application for each of these positions will be made before the places are filled. W. A. Townsend, present janitor, has not yet filed application, but intends to do so.

It is not believed any changes will be made by the county court, despite the competition ensuing in the two positions.

The appointments will probably not be made anyway before next Wednesday.

While few bids have so far been made on the Lincoln road improvement bonds, according to Fred P. Robinson, in charge, it is expected several bids will be turned in directly to the county court when it convenes Monday afternoon. This anticipation is brought about through the fact that a number of concerns have inspected the bonds and appeared to favorably consider them.

If the bonds are sold next week, it is not probable that the fund will be available before May 1, as several preliminary steps must be made. The bonds will be dated April 1, 1915, and will mature at various times between 1915 and 1929.

The application of John Kane for the renewal of a drainshop license, also will be considered by the county court at this meeting. The usual monthly allowance or rejection of bills against the county also will be made.

## 32 RURAL SCHOOLS APPROVED.

"Little Brick" District Meets State Requirements—Six Others Try For Honor

A total of thirty-two rural schools of Nodaway county now have been fully approved by the state public school department, the last addition being the "Little Brick" school, situated about five miles north of Burlington Junction. It is taught by Miss Stella Hurst.

Six other schools over the county are trying for the approval honor, but up to date they have not entirely met with the state requirements, or have not been officially inspected by County School Superintendent Albert H. Cooper. The requirements are pretty difficult for a school to attain.

The approved schools now are.

Unity, Lone Elm, Hickory Grove, Independence, Highland, Lorain, Glendale, Myrtle Tree, Ireland, Star, Elm Grove, Union, Heron, Albright, Bell Grove, Fryar, Liberty, Morgan, Blackman, St. Mary's, Conception, McCann, Stark, Butler, North Wildcat, Swallow, Clyde, High Prairie, Shell Grove, Eureka, Burr Oak and Little Brick.

## 3 MONTHS' FEES, \$684.56.

Retired Circuit Clerk Makes Quarterly Report to County Court.

The quarterly report of Eugene Rathbun, circuit clerk, retired, which has been filed with County Clerk Fred J. Yeomans, for presentation to the county court Monday, shows a total of \$684.56 in fees was collected.

Of this amount \$82 was paid to Amos Sprecher, deputy clerk, and \$275 to Mrs. Maud Rathbun, Mr. Rathbun's wife, as salary for recording. The remainder, \$327.56, was retained by Mr. Rathbun as salary.

### CHRISTIANS PICK OFFICERS.

Men's Brotherhood Choose Fred P. Robinson, President—Others Re-Elected.

The annual election of officers of the Men's Brotherhood of the First Christian church was held in the church last night. All were re-elected except F. L. Plynt, who was succeeded by Fred P. Robinson. The other officers are Henry Westfall, vice president; John McDougal, secretary, and Edward Gray, treasurer.

### MAY ENTER IOWA TOURNEY.

Maryville Bowlers Asked to enter Six-Town Contest at Creston, February 22.

An invitation for Maryville to send a five-men bowling team to the six-town bowling tournament to be held in Creston, Ia., February 22, has been received here by L. S. Yeo. The other towns entering the tourney are located in south-central Iowa.

While the invitation has not been definitely accepted, Mr. Yeo said Maryville probably would be represented. So far four bowlers have expressed a willingness to compete with the Iowa bowlers. They are Cleve Funk, Edward Schumacher, T. K. Wray and William Saunders.

The five-team bowling tournament which has been in progress here for the last few months, will close about February 15, so that it could be decided prior to the Creston match, which were the five best bowlers here. As a team, the Haines bunch now leads.

In the invitation to Mr. Yeo, which was sent out by E. M. Reardon, manager of the Creston Bowling alley at Creston, it is stated the Iowa teams are bowling between 2,300 and 2,500. This, Mr. Yeo says, is about the same as the local bowlers are averaging.

### WOULD NAME PARCEL CONTENTS.

State Measure to Require Labeling of Express Packages is Introduced.

Senator Carter of Clary county has introduced in the state legislature a bill which requires packages shipped into "dry" territory to be labeled with information as to the exact contents and quantity, the name of the shipper and receiver.

Other bills introduced in the senate included:

Making Lincoln's birthday a legal holiday.

Reduce minimum penalty for forgery from 5 to 2 years.

Providing for precinct local option.

Changing names of county advisers to agricultural agents.

### PAY FOR CATTLE IT KILLED.

Government Will Compensate Farmers Losing Stock in Recent Disease Scare.

Prompt payment of farmers' claims for cattle slaughtered in the federal campaign against the foot and mouth disease is promised by the Department of Agriculture through an appropriation of 2½ million dollars to cover the expense of this work. Up to January 1 the campaign had cost the government \$2,129,138.

In Illinois \$600,000 will be paid out, 36,758 animals having been killed there. Pennsylvania had 17,896 slaughtered and Ohio 10,111. In all the states up to January 1 the total killed was 101,111, including 46,268 cattle and 47,735 swine.

Dr. J. L. Gillett of Barnard was in Maryville on business yesterday.

# STATE SPENDS LESS

TREASURY REPORT SHOWS DEMOCRATIC EXPENSE WAS LESS.

## REPUBLICANS THE GOAT

Publicity Given in Erroneous Advance Statement That Expenditures Grew the Last Two Years.

The big and glorious "finding" of the Republican papers in general over Missouri, from the advance sheets of State Treasurer E. P. Deal's report, that the state expenditures of 1913-1914 were larger than in 1911-1912 under Governor Hadley, Republican, proved to be a "soap bubble." And it has been "busted."

The real correct report of Treasurer Deal shows that instead of there being an increase of \$7,598.39 in the expenditures of the executive department for the years 1913-14, as compared with the year 1911-12, there is a decrease of \$142.26 in favor of the Major administration.

The net increase of the revenues from the office of secretary of state is shown to be \$287,943.11 in the report, instead of a decrease of \$61,015.88, as shown in the advanced sheets. All of these comparisons are for the year 1913-14 as against 1911-12.

### What Caused One Increase.

"A great deal of the additional expense of \$21,720.50 was brought about by the law passed by the forty-seventh general assembly, known as the auditing and examining law, says Treasurer Deal.

From the appropriations made for the auditor's office for 1913-14, the treasurer says, he turns back \$9,030.66 into the treasury, and that the amounts collected by the auditor show an increase of \$38,969.93.

In the report Mr. Deal says the state insurance department, which the advance sheets showed increased receipts only \$1,157.26, while the expenses increased \$13,795.61 for the two years, really had an increase in receipts of \$121,744.89, collected for that period. He adds that this department is not maintained primarily to produce revenue, but for the supervision of the business of insurance.

### Many Take the "Bait."

How one Republican paper, the Globe-Democrat of St. Louis, took the "bait" is told in part as follows by the Hannibal Journal:

State Treasurer Deal used to be a trapper of small game down in Mississippi county, but he set a trap for big game at Jefferson City the other day, and the "mastodon" walked right into it with both feet. Mr. Deal issued advanced sheets or an incomplete report to the legislature. For a time it looked like the bait was not going to work. The report slumbered on the members' desks for several days, but finally the "mastodon" thought it scented something and pulled the cork clear under! "Exposed!" was the big headline in the Globe-Democrat. The treasurer's incomplete report was compared with the treasury receipts from the various state departments in 1911-12 (Hadley administration) with the receipts of 1913-14. The comparison looked to the advantage of the Hadley administration, but a complete report of the departments 1913-14 made the Hadley boys look right foolish, and the Globe-Democrat resembled a simperton! It was made the goat.

### Then the Republicans Balked.

Before the Globe-Democrat got onto the trick it induced one Wilder, a Republican member of the legislature, to introduce a resolution asking for the examination of the books of the Democratic state auditor, secretary of state and insurance commissioner. Mr. Wilder didn't know it was "loaded." As soon as the resolution was read, Hon. Frank H. Faris moved to amend by including an examination not only of all the present state officers, but the accounts of all past state officers. The amendment was adopted, and then there was a Republican chorus of "Vote 'er down, boys!"

But the resolution, as amended, was adopted, the Republicans voting almost solidly against it.

Deal's trap worked well!

# To The Men Who Need To Advertise

TEN DOLLARS will not buy as much advertising as a thousand, but it will buy just as real advertising as a thousand. In many cases it is the small business that has the greatest need for advertising. Small beginnings seem to be the fairly well established laws of nature. The ten dollar advertised business may grow to many thousands

IF A MERCHANT expects to dispose of his goods he must talk about them. The people in your community must be shown. Of course you can have a personal talk with but few of the buyers. It is getting to be the fact now days that a big part of

merchandise is sold before the buyer ever enters the store.

USE ADVERTISING display space that the reader will see. People are looking for the ads because this is the way many of them are doing their buying, thru the advertising.

THIS SEASON of the year is the opportune time for selling goods that will in a few weeks be no longer seasonable. If these goods are held over they will depreciate in value and even become unsalable. You can not sell a last year's style, as they will become later on. And unless you tell the buy-

ers about your goods you can't expect to sell them.

JUDICIOUSLY advertised goods are a paying investment. Because they turn the money of the shop keeper many times faster than the non-advertised goods. Non-advertising isn't saving money. It is a good way to lose money.

WHEN YOU take into consideration the statistical fact that 86 per cent of the business failures are the non-advertisers, you can appreciate how big a factor advertising is in building up a business. To the men who do advertise this ought to be a mighty convincing proof that it pays to advertise, and it pays big.

## LAWSON FLAYS FOUNDATIONS

Miners' Chieftain Scores Charity of the Rockefeller.

### POLICY "STUPID AND CORRUPT"

Says Thousands Suffer in Colorado While Own Earnings Feed Others In Philanthropy—Dumped Into Desert Without Food or Water.

New York, Jan. 30.—John R. Lawson, executive board member for Colorado of the United Mine Workers of America, appeared before the federal commission on industrial relations and attacked the testimony of John D. Rockefeller, Jr., and the methods and purposes of the Rockefeller foundation.

Mr. Lawson told of the shooting of striking miners in Colorado, the shattering of miners' homes, of how hundreds were dumped in 1902 into the desert without food or water, while others were driven over the snow of the mountain ranges. He uttered a vigorous arraignment of Mr. Rockefeller for his confessed lack of knowledge of conditions among the workers of the Colorado Fuel and Iron company.

Charity of the Rockefellers. The philanthropy of the Rockefellers, Mr. Lawson referred to as follows:

"Health for China, a refuge for birds, food for the Belgians, pensions for New York widows, university training for the elect—and never a thought or a dollar for thousands of men, women and children who starved in Colorado, for the widows robbed of husbands, children of their fathers. There are thousands of Mr. Rockefeller's employees in Colorado who wish to God they were in Belgium to be fed or a bird to be tenderly cared for.

"Fourteen months thousands of men women and children suffered on the mountainsides and prairies and two more months have gone since we called off the strike as a result of President Wilson, and yet he has not had the opportunity for a personal investigation.

His Excuse. "His excuse for his lack of knowledge and his failure is that he is too busy. What is his business? He explained it by stating: 'I spend a large part of my time in directing, with others, the various foundations which my father has established and in giving time to questions of investments.'"

Mr. Lawson compared Mr. Rockefeller's testimony with that given by Henry Ford, who testified that he kept in close touch with labor conditions among his employees. Mr. Lawson reviewed that part of Mr. Rockefeller's testimony in which it was stated that John D. Rockefeller, Jr., had received only \$371,000 in dividends on all his stock.

"It was only under questioning that he confessed that his father received \$8,889,000 from his bonds," Mr. Lawson continued. "Whatever appearance of poverty clings to the company is not due to anything but its own stupid and corrupt policy. Had it taken the money it has spent in controlling officials and the electorate, in purchasing machine guns, the employment of gunmen and in crushing the aspirations of human beings, and spent it in wages and the improvement of working conditions, they would have rich returns in increased productivity."

**LAXATIVE FOR OLD PEOPLE—"CASCARETS"**

Salts, Calomel and Pills Act on Liver and Bowels Like Pepper Acts on Nostrils—Danger!

Get a 10-cent box now. Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.

**SAYS FIRE MARSHAL IS NEEDED.**

State Insurance Expert Explains Flames' Ravage and How to Stop It.

Charles G. Revelle, state insurance commissioner, is firm in the belief that Missouri needs a fire marshal, as many other states have, and he is trying to get such an office created by this legislature.

Here is what he says: "A fire marshal's department would cost us about \$25,000 a year. We're spending about \$11,000,000 a year on fires. We would have half of that each year with a fire marshal's department."

"Half of the fires which occur in Missouri would be charged with preventing the operation of the arson trust, and with educating the people to prevent fires, as well as ordering improvements in property to make the fires less likely, would save \$2,000,000 the first year and finally would save half of our annual fire loss."

"Our burning record in Missouri is the highest of any in the United States except Arkansas. There is no such difference in conditions in Missouri and other states as would justify this difference. And when we remember that fire loss of the United States is from ten to twenty times that of European countries, we readily understand that something is radically wrong."

"Our annual fire loss is twice as high as the cost of maintaining our state government, including our educational, penal and eleemosynary institutions. Our percentage of loss as compared with premiums is 79.9. It costs the companies from 39 per cent to 49 per cent of the premiums to do business, to say nothing of profits. You can understand why fire insurance rates cannot be materially lowered until our percentage of loss, compared with premiums, in the United States is 53 per cent."

**GERMANS ATTEMPT TO CROSS AISNE**

Make Two Efforts to Get Over River, but Fail, Says Paris.

Paris, Jan. 30.—The following official communication was issued:

"At the east of Soissons the Germans have made two attempts to cross the Aisne—one at the Mill of the Rocks and the other at the head of the bridge which is held by our troops. These two attacks were repulsed."

"During the night Dunkirk was bombarded by more aviators, who caused some insignificant losses, but killed or wounded only a few persons."

"Between 11 p. m. and 2 a. m. two of our aviators launched numerous bombs upon the enemy's works of Laon, Laferre and Soissons."

"A German aeroplane was brought down east of Gerberville. Its pilot and mechanic, a German officer and sub-officer, were made prisoners."

**CANAL CEREMONY POSTPONED**

Exercises Will Be Held in July Instead of in March.

Washington, Jan. 30.—Formal announcement of the postponement of the opening ceremonies at the Panama canal from March until some time in July, was made by Secretary Daniels after a cabinet meeting. In July the Atlantic fleet will pass through the canal and all of the other ceremonies planned by President Wilson's attendance will be held. The report of Governor Goethals of slides in Culebra cut was given by Mr. Daniels as the reason for the postponement.

It was definitely announced that President Wilson expects to go to the San Francisco exposition in March, despite the postponement of the opening of the canal, and will make a special trip to Panama in July.

**RUSS ARMY ADVANCING ON EAST PRUSSIA**

Petrograd, Jan. 30.—The advance of the Russian Tenth army into East Prussia follows virtually the lines of the first march of General Rennenkampf, except that the point selected for the invasion is farther to the northward. This was done to avoid a repetition of the Russian defeat in the Mazurian lake district. The present Russian invasion is understood to be more fully prepared and in greater force than was the first one and, as before, the aim of the army is the German fortress of Koenigsberg.

From information available it appears that the Germans, who for many weeks past had maintained only a small force in this region, have rushed virtually the entire garrison of Koenigsberg to the front, as well as drawing upon the German forces on the Warsaw front in the endeavor to prevent the Russians from flanking the Mazurian positions.

Russian military experts argue that this Russian offensive movement will force the Germans to abandon the Bzura river line or compel them to draw forces from the western frontiers as was done at the time of the first invasion of East Prussia, and which materially affected the German advance in the direction of Paris.

At present there is no noticeable diminution of the almost daily attacks from the fortified line along the Bzura and Rawka rivers.

Mrs. George L. Whitley and daughter, Geneva, and Miss Virginia Robinson left this morning for St. Joseph to spend the day visiting and to attend the matinee production of "Everywoman," given at the Lyceum by the Henry W. Savage company.

**Lodges to Banquet.**

Plans were made last night at a meeting of the Woodmen Circle for the annual banquet of the W. O. W. and Circle which is to be given on Thursday night, February 4, in the W. O. W. hall. All members of the W. O. W. and Circle and their families are invited to attend. The women will prepare for the banquet and each is requested to bring a well packed basket. Two applications for membership into the Circle were received last night. They were from Mrs. Raymond Thompson and Mrs. C. C. Bone, who will be initiated at the next meeting.

**Neighborhood Club Meets.**

Mr. and Mrs. Eugene Wallace, living south of the city, entertained their neighborhood club last night with a pleasant party at their home. The hours were spent with various games and a delicious repast served. Those present were Mr. and Mrs. Peter Myers, Mr. and Mrs. John Yates, Mr. and Mrs. Albert Carr, Mr. and Mrs. Lester Lyle, Mr. and Mrs. George Dewitt, Mr. and Mrs. Eugene Lyle, Misses Ailene Carr, May Doran, Emma Boatwright, Lottie Anderson and Pearl Wallace, Daniel and Leo Myers, Clifford Lyle, Galen and Lynn Wallace. The next meeting of the club will be at the home of Mr. and Mrs. Myers.

**Surprise Party.**

A party of friends gathered unannounced at the home of Mr. and Mrs. Sam Miller, west of Bolckow, Thursday evening and surprised the family folks. Music and games was the diversion of the evening. Miss Mabel Dysart presented a delightful piano program for the entertainment of the guests, who were Mr. and Mrs. Ed Russell and family, Mr. and Mrs. William Hurst, Mr. and Mrs. R. P. Miller, Miss Mabel Dysart, Miss Susie Martin, Miss Beulah Russell, Miss Nettie Mil-

ler, James Davis, Frank Martin, Luther Strickler, Raymond Dysart, Howard Dysart, Louis Martin, Albert Closs, Edward Dysart and the hosts.

**Mary Katherine Farrell.**

Mr. and Mrs. H. K. Farrell of Fayette announce the birth of their daughter Monday, whom they have called Mary Katherine. Mrs. Farrell was formerly Miss Susie Allan, a daughter of Mr. and Mrs. R. G. Allan of West Third street.

**Gives Luncheon.**

Mrs. Robert Lyle Finch gave a luncheon today complimentary to Mrs. O. W. Lawrence of Kansas City and Mrs. Ross of Canton, who are visiting in the city. Mrs. Lawrence and Mrs. Ross were the honored guests of a reception given this afternoon in the parlors of the First Christian church by the C. W. B. M. and the Mission Circle of the church.

**Wedding Invitations Issued.**

Invitations have been issued to the marriage of Miss Harriett Bales, the daughter of Mr. and Mrs. Walter J. Bales and Mr. Phillip D. Campbell of Kansas City, which takes place Wednesday night, February 10, at the Bales home in Kansas City. The groom is a cousin of E. L. Townsend and H. T. Hooker, and a nephew of S. H. Townsend and Mrs. C. D. Hooker of this city. A number of the Maryville relatives will probably attend the wedding.

**Mrs. Fakes Hostess.**

The L. I. club met Thursday afternoon at the home of Mrs. Verne Fakes, south of Hopkins. The answers to roll call were an enumeration of Missouri's resources, and responses were given by Mrs. Bert Blackney, Mrs. John Ringgold, Mrs. S. G. Massie, Mrs. Rufus Ringgold, Mrs. C. M. Pope, Miss Jennie Ringgold and the hostess. The topic of study was "Making Over the Backward Child," and readings taking up the various phases of child education were given by Mrs. Pope, Mrs. Fakes and Miss Ringgold. An hour with needlework followed the program and a two-course luncheon was served. The next meeting will be with Mrs. John Ringgold on the afternoon of February 19.

**Society Entertained.**

Mrs. L. L. Maier, Mrs. J. S. Ford and Miss Mary Q. Evans entertained the Women's Missionary society of the First Methodist church yesterday afternoon at the home of Mrs. Maier, on West Fifth street. The meeting was begun with devotions by Mrs. M. D. Kemp. The various program numbers, relating to the study topic, "The Aboriginal Red Man," were given by Mrs. C. F. Remus, Mrs. W. B. Christy, Mrs. I. W. Nixon and Miss Ethel Embree. A musical program on the mandolin and guitar was given by Lee and Leonard Maier, the young sons of the hostess. Mrs. John Price and Mrs. James Haddon were visitors at the meeting.

**Celebrates Golden Wedding.**

Honoring their golden wedding anniversary, Mr. and Mrs. Moses Spear of Ravenwood spent the day Thursday among a company of their friends, who

## Rheumatism Muscle Colds

"It is easy to use and quick to respond. No work. Just apply. It penetrates without rubbing."

### Read What Others Say:

"Have used your Liniment very successfully in a case of rheumatism, and always have a bottle on hand in case of a cold or sore throat. I wish to say I think it one of the best of household remedies. I would not have used it only it was recommended to me by a friend of mine who, I wish to say, is one of the best boosters for your Liniment I ever saw."—J. W. Fuller, Denver, Col.

"Just a line in praise of Sloan's Liniment. I have been ill nearly fourteen weeks with rheumatism, have been treated by doctors who did their best. I had not sleep for the terrible pain for several nights, when my wife got me a small bottle of the Liniment and three applications gave me relief so that I could sleep."—Joseph Tamblin, 815 Converse Street, McKeesport, Pa.

### EXPLAINS CODE REVISION.

Former Maryville Resident Outlines Provisions for Bettering Missouri Laws.

Just what the revision of the Missouri code of procedure means is outlined in a letter to The Daily Democrat-Forum, written by Forrest C. Donnell of St. Louis. Mr. Donnell is in partnership with Judge Selden P. Spencer of St. Louis in practicing law.

Mr. Donnell is well known in Maryville, having been born and reared here. Donnell was graduated from the University of Missouri A. B., in 1904, and LL. B. 1907. He was valedictorian of his class in both arts and law. He was Rollins scholar his junior year in arts and also in law. He made the highest average that has ever been made on the Missouri state bar examinations, averaging 96 on twenty-five examinations. He is a graduate of the Maryville high school.

The letter, which is interesting because of its incisive analysis of the legislation now pending at Jefferson City, follows.

Editor Democrat-Forum:

The Missouri code commission appointed by the governor of the state last May to consider a revision of the civil and criminal codes of procedure has submitted a report accompanied by eighteen proposed bills which have among their primary objects the creation of a simplified and less expensive procedure and a higher professional standard at the bar.

This commission, by the way, is entirely non-partisan. In regard to raising the professional standard at the bar, you will doubtless recall the case in which the supreme court practically held that a conviction under the criminal statutes of the state is necessary in order to make possible the disbarment of an attorney. The act proposed by the code commission will make possible the disbarment not only because of conviction of any criminal offense involving moral turpitude or indictment for the same, but also because of the retention of a client's money, guilt of any malpractice, deceit or any misdemeanor whatsoever in professional capacity or any professional conduct, act or practice whatsoever tending to defeat justice or to bring the courts and profession or the practice of law into disrepute.

Among the more noticeable features of the bills tending to expedite civil

procedure and make it less expensive are:

(a) The provision requiring defendants to plead on the return day of writ and making writs returnable not more than 20 days from date of issue, instead of next term of court.

(b) The abolition of demurrers and special, separate or dilatory pleas—it being provided also that all exceptions to one pleading must be embraced in one paper or they will be deemed waived, thus obviating the practice of incorporating each separate objection in separate motion filed after overruling or sustaining a prior one.

(c) The provision abolishing general denials and providing that all allegations of a petition not specifically denied shall be taken as true.

(d) The provision that all errors and defects not affecting substantial rights of the parties shall be disregarded.

(e) Provision requiring more prompt reports by referees and providing for their compensation.

On the criminal side there are a number of proposed changes, all of them tending toward the abolition of formalities and technicalities.

Cordially,  
F. C. DONNELL.

### CHIROPRACTIC.

The only exact method of correcting the cause of disease. Pressure on nerves branching from the spinal cord, and passing out between the bony segments of the spine causes an improper supply to tissues and organs—hence disease. Release the pressure—and nature restores to health. Proven in thousands of cases and provable constantly, for Chiropractic is not an experiment. Consultation free.

## HEAVY SNOWS IN EAST HALT FIGHT

Austrians Report Russian Attacks in Carpathians Repulsed.

CAPTURE MANY PRISONERS.

Russian Offensive Has Developed in Extreme North of East Prussia—Armies in France and Flanders Are Recuperating at Present.

### WAR SUMMARY

Most sanguinary fighting is taking place in East Prussia, in parts of Poland and in the Carpathian range. In East Prussia the Russians are battling hard to pierce their way through to Koenigsberg.

German attempts to cross the Aisne were repulsed, Paris reports.

General Pau of the French army has been sent to Russia to command a Russian army.

Vienna declares that to the west of Uzsok pass in the Carpathians the Russians have been repulsed with heavy losses, and Petrograd probably confirms this by its statement that "in the face of superior numbers in the region of Beskid pass, our advance guards retired slightly to a previously established position."

Cairo reports that Turkish outposts have reached the vicinity of Tor, near the southern point of the Sinai peninsula on the Gulf of Suez. Berlin asserts all the German warship engaged in last Sunday's battle have returned to their base except the Bluecher.

Italy's soldiers of the first and third category and also the Alpine troops have been called to the colors.

Austria has established a grain monopoly similar to that in operation in Germany, it is reported.

London, Jan. 30.—With the armies in France and Flanders recuperating after the strenuous fighting of the earlier days of the week and only local actions being recorded, interest in the war situation has been transferred to the Russian offensive in East Prussia and the attempt of a strong Austro-German army to dislodge the troops of Emperor Nicholas from their positions in the Carpathians.

In East Prussia a Russian offensive has developed in the extreme north, where the renewed fighting seems to confirm the belief that a definite effort to advance north of the Mazurian lakes district, where previously the Russians were defeated, had been decided upon by the Russian general staff.

The following official communication was issued at Vienna:

"There has been a heavy snow fall in West Galicia and Poland, so that only reconnoitering and fights between patrols have occurred and artillery engagements where circumstances permitted. In the Carpathians, west of the Uzsok pass, the Russian attacks were repulsed with heavy losses. Near Vezerasallas and Volovoco the battles ended with the enemy having been repulsed from the heights of the pass. We captured 400 prisoners."

A dispatch from Tiflis, the Russian army headquarters in Transcaucasia, says: "Fifty Greek villages around Kars, in southern Transcaucasia, have been laid in ruins by the Turks. The flight of the Greek inhabitants was precipitate and the women and children are said to have suffered intensely from the cold weather."

Dispatches from Vienna state that the city council and the press are demanding that the Austrian government immediately follow the example of Germany and confiscate all stocks of grain, flour and meal. Practically no grain is being offered on the markets in Vienna, Budapest or Prague.

It is reported that General Pau, the noted French army commander, has been sent to Russia to take over the command of one of the Russian armies in Poland.

### GIBBONS TO MEET M'GOORTY

Twenty-Round Bout Arranged For March in Havana Between Two.

Chicago, Jan. 30.—Mike Gibbons and Eddie McGoorty will meet in a twenty-round boxing contest at Havana, Cuba, in March, if they can agree on terms with the promoters.

McGoorty received an offer of a guarantee of \$4,000 or 25 per cent of the gross receipts, and replied that he would accept \$5,000, with the privilege of 30 per cent of the gate.

### Pay Rolls Submitted.

Chicago, Jan. 30.—Payrolls showing just what were the earnings of engineers, firemen and the hostlers on the ninety-eight western railroads involved in the arbitration of wage demands of their engine-men were introduced here. Passenger engineers, said the synopsis, earned an average of \$184 in October, 1913; engineers in through or regular freight service, \$170, and engineers in local way freight service, \$172. Passenger firemen earned an average of \$116; in through or regular freight, \$110, and in local or way freight service, \$105.

## SENATORS TRYING TO END FILIBUSTER

Democrats Determined to Force  
Vote on Ship Bill.

Washington, Jan. 30.—Determined to crush Republican opposition and end the long fight over the government ship purchase bill, the Democrats held the senate in session all night with the avowed purpose of forcing a final vote before recess or adjournment.

How long the minority would be able to hold off the vote, no one would say, but even the most optimistic Democrats admitted that the session might last through tonight. Others thought it more likely to continue for two or three days.

### BRADSTREET'S TRADE REVIEW

Pendulum of Trade Swinging in Direction of Improvement Still.

New York, Jan. 30.—Bradstreet's Weekly Review says:

The pendulum of trade continues to swing in the direction of improvement. Starting at a very slow pace three weeks ago, it is now moving at a more satisfactory rate, though even yet the movement is but conservatively steady. Almost everywhere the disposition is to look on the bright side. Spring buying, especially of textiles, continues to multiply; the labor situation, while far from normal, is such that idleness is decreasing; winter weather over a wide area has helped reduce stocks of heavy goods; money is cheaper; commodity prices are higher, funds are plentiful in the cereal growing regions; winter wheat is in good shape; copper is higher, and steel mill operations are being increased.

Bank clearings for the week were \$2,978,817,000. Wheat exports aggregated \$619,869 bushels. Failures were 552.

### Will Try to Pass Bill Over Veto.

Washington, Jan. 30.—The house immigration committee voted 8 to 3 to report the immigration bill, vetoed by President Wilson, back to the house with the recommendation that it be passed over his veto. Chairman Burnett expressed the opinion that the bill would get the necessary two-thirds vote. The committee's report will be brought in for a vote Thursday.

### Brooklyn Releases Pitcher Reulbach

New York, Jan. 30.—Pitcher Edward Reulbach was unconditionally released by the Brooklyn National league club. Reulbach came from the Chicago club to Brooklyn during the season of 1913.

### Ping Bodie Dickers With Feds.

Chicago, Jan. 30.—Ping Bodie, outfielder, has been offered a place on the Chicago team of the Federal league and has replied asking salary terms.

## UP TO NEXT CONGRESS REVENUE LEGISLATION

Washington, Jan. 30.—Plans for additional revenue legislation were discussed among congress leaders and the only definite development was that the subject would be considered at the next congress.

A re-enactment of the war revenue bill, revision of the income tax to increase its receipts, a suspension of the free sugar schedule of the tariff law which becomes effective in 1916, or sale of the unissued Panama bonds were under discussion, but it was said there was no administration backing for any revenue raising proposal at this time, and the subject was being left for the next congress.
